RELEASE NOTES

SHARED NATIONAL CREDIT PROGRAM

REPORTING INSTRUCTIONS

September 2021

SNC Business Office
SUMMARY OF UPDATES

5/19/2020
Added following clarification for the **Obligor Name** field:

14. Name: Full legal name of the obligor. *An exception to this is for mutual fund obligors where the structure permits access to the facility by individual mutual funds under a mutual fund company umbrella. In this case, report the name as a family of funds (for example, ABC Investments Family of Funds).*

-  **Applied to Basic / Expanded Reporter Instructions**

6/16/2020
Added following clarification for the **Rated Flag** field and the associated **Ratings Matrix**:

56. Rated Flag: Does the reporting entity rate this credit internally (Y or N). Report **Y** if the Reporting Institution has either an internal credit rating or internal obligor rating. Report **N** if the Reporting Institution does not internally rate the credit or the obligor. If the Reporting Institution does not rate the credit or obligor internally but applies a rating from another source, such as a public rating agency or exam results, please report **N**.
