

Emilie Mazzacurati is global head of Moody's Climate Solutions. Ms. Mazzacurati oversees the climate solutions suite within Moody's ESG (Environmental, Social and Governance) Solutions Group, formed in 2020.

Moody's ESG Solutions climate offerings build on the physical climate risk analytics from Four Twenty Seven, a provider of climate risk data and market intelligence founded by Ms. Mazzacurati in 2012. Moody's acquired a majority stake in Four Twenty Seven in 2019 and recently took full ownership.
