

FOLLOWING SEVERE DISRUPTION IN 2020

NEBRASKA'S ECONOMY HAS REGAINED MUCH THAT WAS LOST.

Exports have more than recovered from the depths of the crisis.

NEBRASKA

today

Unemployment spiked early in the pandemic but is now historically low.

Prospects in **agriculture** have brightened.

After cratering early in the pandemic, **consumer spending** has also rebounded.

Personal income is up almost \$3,000 per capita.

WHILE NEBRASKA IS POSITIONED TO GROW, THERE ARE SOME POTENTIAL HEADWINDS.

AS 2021 COMES TO A CLOSE

SEGMENTS OF NEBRASKA'S ECONOMY STILL FACE CHALLENGES AND SOME RISKS REMAIN.

Businesses are struggling to fill **job openings**.

NEBRASKA

today

Many **small businesses** have not reopened.

Economic disparities have persisted for low-income families.

Supply chain bottlenecks have disrupted business and household purchases.

Prices of many goods and services have increased.
