

FEDERAL RESERVE BANK *of* KANSAS CITY

Contact Us

Financial technologies (fintech) and innovations continue to expand and evolve, requiring Bank staff and leadership to maintain expertise to better understand the risks and opportunities for supervised firms and industry stakeholders. At the Kansas City Fed, we have dedicated staff that analyze emerging technologies in banking and financial services, engage with external stakeholders to keep a pulse on developments impacting the Tenth District, and assess potential implications for the Bank's various responsibilities. Our fintech specialists are available to answer questions from financial institutions and other organizations seeking to innovate. Please contact us at kc.srm.fintech@kc.frb.org.

Have other banking-related questions outside of fintech? Visit our [Banking Contacts](#) page for additional banking department contacts. These contacts can help or direct you to the proper contact person or resource for your question.
