

## Financial Literacy Tools and Materials

April 01, 2023

The Kansas City Fed offers a variety of resources and tools to help people of all ages commemorate Financial Literacy Month.

---

Financial literacy is important at every stage of life, which is why the Kansas City Fed offers a variety of tools and resources for adults and children to stay informed when it comes to personal finance and the economy.

Since April is Financial Literacy month, now is a great time to explore some of these free materials.

### For adults

- **Putting your paycheck to work**

The Kansas City Fed developed the following fact sheets for employees to understand and make the most of their paychecks.

The additional resources for employers can be used to reinforce the information provided in the fact sheets

- **Subscribe to the Kansas City Fed**

Get the latest on the economy and personal finance through a variety of publications:

- *TEN Magazine* is a quarterly publication that highlights the Kansas City Fed's research and practices through the experiences of everyday people from the region.
- *The Beige Book* is a report that offers a snapshot of economic developments in each of the Fed's 12 regional Reserve Bank Districts.
- Each quarter, *The Rocky Mountain Economist*, *Nebraska Economist* and *Oklahoma Economist* provide in-depth economic information about their respective communities.

### For students

Explore our [Education section](#), which hosts an online library of free economic and personal finance resources for educators, bankers and consumers.

Visit the [Kansas City Money Museum](#) and see how the Bank processes millions of dollars in currency each day. You can also lift a real gold bar, view the historic Harry S. Truman coin collection and enjoy fun, interactive exhibits about the U.S. economy.
