

2016 Energy Conference: Oil and the Economy - Adapting to a New Reality

February 16, 2021

The Federal Reserve Banks of Dallas and Kansas City held their first joint energy conference, which focused on the key drivers of recent oil price movements and their implications for the energy industry, the financial sector and the broader economy. Top leaders from academia, business and government presented and discussed their views on these topics.

Featured speakers:

- **Robert S. Kaplan**, Federal Reserve Bank of Dallas
- **Esther L. George**, Federal Reserve Bank of Kansas City
- **Adam Sieminski**, U.S. Energy Information Administration
- **Robert McNally**, The Rapidan Group
