

Fifty Nifty Econ Cards

June 30, 2023

Use these vocabulary cards in your classroom to make economics and personal finance fun!

Fifty Nifty Econ Cards are designed for elementary and middle school students to assist them in developing a knowledge base of economic and personal finance words. Using the accompanying Teacher Resource Guide to introduce the word cards and meanings to students should help provide a foundation in economic thinking. The resource guide activities and games will help teachers integrate economic vocabulary into the school day through language, math, social studies and art.
