WILLIAM P. MOTT

President and Founder, Agland Investor Services, Inc.

William Mott founded Agland Investment Services, Inc. (Agland) in 1976 to utilize his skills in developing countries after 12 years of management and marketing experience with two multi-national food processors, Libby, McNeill and Libby and Nestlé Corporation. While with Nestlé, Mr. Mott served as managing director of Nestlé's processed fruit and vegetable joint venture in Japan.

Mr. Mott manages a number of California and internationally based food industry projects for both private and public sector clients. Agland projects often involve the transfer of new technology, the development of international markets for value-added products, or the financing of new and innovative projects. Mr. Mott has managed agricultural and food industry projects in over 20 countries, ranging from a 250,000 acre irrigation project in Iran to the Clos du Val Winery in the Napa Valley and sweet onion production and marketing in Peru.
