Public Statement on Denver Money Museum

Based on guidance by Colorado public health authorities for businesses to take steps to minimize close contact with large numbers of people, the Federal Reserve Bank of Kansas City’s Denver Money Museum is temporarily closed to visitors until further notice.

This decision is made out of an abundance of caution and takes into account the expected heavy foot traffic that the Denver Museum traditionally experiences during spring break travel, along with our priority to ensure the health and safety of employees and guests.

The Denver Branch Office and all other offices of the Federal Reserve Bank of Kansas City remain open and operating. In addition, the Kansas City Fed’s Money Museum located at its Kansas City headquarters remains open at this time.

We hope to welcome you another time. Please visit us at kansascityfed.org for updates.
